DRY GOODS AT WHOLESALE.

TO Country Merchants.—I take this method to inform Merchants visiting this City that I am in receipt of one of the largest and best assorted Stocks of Goods ever brought to this City. Among which I enumerate: Flannels, Drills, Stacks of Flannels, Stockings, Cottons, Yarns, &c.
My assortment of brown and bleached Cottons is, I believe, the most complete west of the Alleghany Mountains, comprising all the most desirable styles selected from the best manufacturers. My bleached Cottons are mostly from the Lowell and Waltham Factories, and are decidedly superior to any other goods either foreign or domestic, offered in this market. With assurance that my terms and prices are more favorable to buyers than at any other house in this city. Very respectfully,
OLIVER LADD.

Dr. Townsend's Compound Extract.

SARSAPARILLA.

This Extract is put up in quart bottles—it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient, and is particularly adapted for a

SPRING AND SUMMER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all other remedies, is while it cures diseases it invigorates the body.—Consumption cured.—Cleanse and strengthen.—Consumption can be cured.—Bronchitis, consumption, liver complaint, colds, coughs, catarrh, asthma, spitting of blood, soreness in the chest, hectic flush, night sweats, difficult or profuse expectoration and pain in the side, &c., &c., have and can be cured.

Probably there never was a remedy that has been so successful in desperate cases of consumption as this Sarsaparilla. It cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health and strength.

There is scarcely a day passes but there are a number of cases of Consumption reported as cured by the use of Dr. Townsend's Sarsaparilla. The following was recently received:

DR. TOWNSEND—Dear Sir: For the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Regents in New York, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla I resolved to try it. After using six bottles I found it done me great good, and called to see you at your office, with your advice I kept on, and do most heartily thank you for your advice. I am now able to attend to my usual labors, and have been able to attend to my usual labors for the last three months, and I hope by the blessing of God and your Sarsaparilla to continue my health. I am beyond the expectations of all that knew my case.

SPITTING BLOOD.

Read the following and say that consumption is incurable if you can!

NEW YORK, April 25 1847.
MR. TOWNSEND: I can truly believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, at night sweats, and was greatly debilitated and reduced, and did not expect to live. I have used your Sarsaparilla but a short time, and there has been a wonderful change wrought on me. I am now able to walk all over the city. I raise no more blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,
J. W. VAN ZANDT, 65 Catharine st.

LOT HERPELLE.

The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are thousands of parents who let their children die for fear of being humbugged or to save a few shillings.

DR. TOWNSEND: I take pleasure in stating, for the benefit of those who I may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician, but fortunately I was recommended by a friend to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstance. She is now quite well and in much better health than she has been for 15 months past.
JOSEPH TAYLOR,
128 York St. Brooklyn.

TWO CHILDREN IN FACT.

Very few families indeed—in fact we have not heard of one—two children cured by Dr. Townsend's Sarsaparilla in time to get the children the past Summer, which those that did not sickened and died. The certificate we publish below is conclusive evidence of its value and is only another instance of its saving the lives of children.

DR. TOWNSEND—Dear Sir: I had two children cured by your Sarsaparilla of the summer complaint and dysentery; one was only 12 months old, and the other 3 years. They were very much reduced, and I expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them; we resolved to try your Sarsaparilla. We had heard so much of it, but had little confidence; there being so much stuff advertised that is worthless; but we were very thankful that we did, for it, undoubtedly saved the lives of both. I write this that others may be induced to use it.
Yours, respectfully,
JOHN WILSON, Jr.,
Myrtle Avenue, Brooklyn, Sept. 15, 1847.

JAMES CUMMINGS, Esq., one of the Assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

RHEUMATISM.
This is only one of more than four thousand cases of rheumatism that Dr. Townsend's Sarsaparilla has cured.—The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

DR. TOWNSEND: I have suffered terribly for nine years with the rheumatism; considerable of the time I could not eat, sleep or work; I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done more than one thousand dollars worth of good.—I am so much better, indeed, I am entirely relieved.—You are at liberty to use this for the benefit of the afflicted. Yours, respectfully,
JAMES CUMMINGS.

COULD NOT WALK.

That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject were soon in the enjoyment of robust health. New York, Sept. 25, 1847.

DR. TOWNSEND: My wife has for the last year been very sick, and in a greatly reduced state of health; being reduced by a variety of complaints such as females are liable to; she got so bad at length that she was entirely unable to walk, and was as helpless as a child, she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously.
Yours, respectfully,
JOHN MULLEN,

TO THE LADIES.

GREAT FEMALE MEDICINE.

DR. TOWNSEND'S SARSAPARILLA is a sovereign and speedy cure for incipient consumption, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weak and languid, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported. Truly,
DR. TOWNSEND: My wife being greatly distressed by weakness and general debility, and suffering con-

tinually by pain and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it to the public.
M. D. MOORE, cor. of Grand and Lydian sts.
Albany, Aug. 17, 4.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. No it is less valuable for those who are approaching womanhood, it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

DISEASE OF THE HEART, RUPTURE AND DROPSY.

NEW YORK, July 22, 1846.

DR. TOWNSEND—Dear Sir: My wife has been afflicted with a terrible rupture for over fifteen years, the greater part of the time. She has been troubled with shortness of breath & great fluttering of the heart which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicine she was entirely relieved of the disease of the heart, and the rupture has almost entirely disappeared.

She has also had the dropsy, and was very much swollen. We had no idea that she could be so benefited, as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that is suffering as we have been. If any disbelieve this account, they are at liberty to call at my house and have ocular demonstration. Yours, respectfully,
WILLIAM TOWSER, 1 James st.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva in decomposing food and strengthening the organs of digestion as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.

BANK DEPARTMENT, ALBANY, May 10, 1845.

DR. TOWNSEND: I have been afflicted for several years with dyspepsia in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great variety to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have been afflicted as I have been.

FITS! FITS!!

Hart's Vegetable Extract,

heonily remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic a tic a. Irritation of the Nerves, Nervous or Caliculy, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General Debility, Disorders of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race—

Epilepsy, or Falling Sickness,

Hysterical Fits, Convulsions, Spasms, &c.

This disease consists in a sudden convulsive motion of the whole body. It attacks by fits, and after a certain duration goes off, generally leaving the sufferer in a stupor, attended with great weakness and exhaustion of the body.

Doctor Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to destroy the nervous system, and the most SKILLFUL PHYSICIANS of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most REMARKABLE CURES upon record, and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, Ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted, as the only remedy.

WE QUOTE THE LANGUAGE used by one who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God I feel that I am a well man. I also feel that I am free from the terrors of the earth, that those similarly afflicted may find relief. Another, (who is an EMINENT LAWYER, and well known in this city), says, "My son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. Its name," says he, "should, and ought to be sounded to the ends of the earth." Another says, "Language is entirely inadequate to express my gratitude to Dr. Hart, for having been the means, under the blessing of God, of restoring me to the enjoyment of good health, after having been afflicted with Epilepsy in its worst form for more than twenty years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."

EPILEPTIC FITS.—Of twenty seven years and six months, cured by the use of this Truly Wonderful Medicine.

Read the following remarkable case of the son of

Wm. Secore, Esq., of Philadelphia, afflicted with Epileptic Fits, twenty seven years and six months.

After traveling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country, they examined him, without receiving any benefit whatever, and was cured by using HART'S VEGETABLE EXTRACT.

Wm. Secore's Letter to Dr. Hart:—

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England, I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physician, and the most that I received was their opinion that my son's case was hopeless and FETTERED INCURABLE. Accordingly I left England, traveled through France, Germany, and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so.

The use of Hart's Vegetable Extract, which was restored to PERFECT HEALTH. His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age, and 27 years 6 months of this time has been afflicted with the most dreadful of diseases, but, thank God, is now enjoying good health.

Now, Sir, with without works I don't believe in.—

Tossy shall be ever grateful to you for one thing and I here enclose you one hundred dollars. I have, no doubt but you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours, WILLIAM SECORE.

(Signed) CURE PERFORMED by the use of Hart's Vegetable Extract.

Doctor Hart:—It is with no small degree of gratification that I am enabled to announce to you the complete restoration to health of my daughter, by the use of your Vegetable Extract. At the age of six years, (her age at present is sixteen) she was first attacked with this dreadful malady called Epileptic Fits, and until she commenced taking the Extract, she suffered with attacks of fits, almost incessantly, and so severely as to threaten in dire manner from its terrors, and render her insane.—Idiotic.

Physicians pronounced her incurable, and could do nothing more for her. We had almost despaired of a cure, when hearing of the remarkable cures performed by the Vegetable Extract, we determined to give it a trial. The result has exceeded our most sanguine expectation, as by its use she is free from this dreadful malady, and restored to PERFECT HEALTH.

Should any one feel desirous of seeing her, and of ascertaining the particulars of the case, such wish may be gratified by calling on, or addressing a letter to me, post-paid, at my residence, two miles from the village of Yonkers, Westchester Co., New York.

O. C. DENLOW, Yonkers, N. Y.

Teething, Worm, Costiveness, &c., will produce this disorder. In all such cases the Vegetable Extract is the only medicine which can be relied on with any degree of safety. Mothers who have small children should remember this. MARY CHILDS, the past year, who has suffered with this complaint, and has been given over by physicians to die, has been restored by the use of but one bottle of Hart's Vegetable Extract.

The child of William Anderson, North Fourth Street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, and decided that the case was a hopeless one, and the child must die. While the child was in this dangerous state Mr. Anderson called at my office and obtained a bottle of the Extract, administered it to the child, and the result was a perfect restoration of health.

The son of Mr. Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with fits. In this case also the physician held a consultation and decided that they could do no more and that nature must effect its own cure, or the boy must die. The Vegetable Extract was administered to him whilst in a fit, by one of the attending physicians. Its effects were almost instantaneous. The fits were broken, and he never again without the medicine in my house, if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. I consider the medicine invaluable.

We would refer to the following persons, who have been cured by using Hart's Vegetable Extract.

W
